Capital Credit Information...16a

Former Member Listing...16b-16h

Capital Credits Refunded

As announced at the 2006 Annual Meeting, the EnerStar board of directors voted to return capital credits to members who received service from 1954 to 1960.

EnerStar is non-profit electric cooperative. The annual operating margins, or profits, are allocated to members receiving service during the year. Margins are based on patronage, or usage, and are called capital credits. Capital credits are applied each year to individual capital credit accounts and remain on file until the board determines a general refund may be issued.

Current members who received electric service for the years 1954 to 1960 should have received refund checks in mid-May. The Cooperative is attempting to locate former members (or possibly their heirs) who received electric service during that time. The Cooperative does not have a valid address on these accounts.

If your name or the name of someone you know is listed, please complete the form and return it to the Cooperative in your electric bill payment or mail at EnerStar Power, 11597 Illinois Highway 1, Paris, IL 61944.

I have information about the following:

Name from the list: _____

Contact name if person is deceased _____

Current Address: _____

Information provided by: _____

Telephone Number _____

Insert form in electric billing statement or mail to:

EnerStar Power
 Attention: Capital Credits
