

Rate LG003 - Large Power
Effective date – April 26, 2016

Applicability

This rate is required for all three-phase accounts that require 1000 KVA transformer capacity or greater. Members on this rate shall take both electric distribution and energy services from EnerStar.

Type of Service

Three-phase at available voltage.

Monthly rate

Facility Charge:	\$700.00
Energy and Delivery charge:	.0920 all kwh consumed

Power Cost Adjustment (PCA)

The PCA will be added to or subtracted from the unit cost for kwh's consumed. The Cooperative will adjust the PCA amount at intervals as required to cover fluctuations in the wholesale cost of power.

Distribution Cost Adjustment (DCA)

The DCA will be added to or subtracted from the unit cost for kwh's consumed. The Cooperative will adjust the DCA to make minor corrections in the rates to achieve financial goals without the analysis required for a full rate change.

Minimum Monthly Charge

The minimum monthly charge for the above rate shall be \$700.00 for members requiring 1000 KVA of transformer capacity. For members requiring more than 1000 KVA of transformer capacity, the minimum monthly charge shall be equal to the transformer KVA rating. Notwithstanding any provisions of this rate schedule with respect to minimum charges, the Cooperative may adjust the minimum charge to assure adequate compensation for its investment in distribution facilities.

Taxes

In addition to the charges stated above there will be an Illinois Utility Revenue Tax collected which will be the least amount of the following: \$.0032 times the amount of kwh's used or 5% of the total energy charge.

Terms of Payment

The above charges are net, the gross charges being five percent higher. Gross charges shall apply after net due date. In the event gross charges are not paid by cut-off date assigned each month, service is subject to disconnection without further notice.
