

## ARTICLE 20

### Moving

**Section 1. Beginning Service.** When any person moves to a location where electric service is provided by the Cooperative he shall pay a deposit and apply for membership if he is not already a member and provide the Cooperative office with all necessary information regarding his location, needs, the previous resident, etc., in order that the Cooperative records can be complete and accurate.

**Section 2. Ending Service.** When a member moves away from the premises where the Cooperative service has been available he shall advise the Cooperative office of his desire to have service discontinued. A member is responsible for all bills incurred on his meter until such time as he has notified the office to discontinue service and after the Cooperative has had a reasonable length of time to disconnect the service after notification. If service is disconnected within 30 days after connection, a fee may be assessed.
